COMMUNITY ACTION PLAN

2016/2017 UPDATE

Our 3-year Community Action Plan addresses five needs in the communities we serve. The CAP also outlines our activities and strategies to meet those needs. This section will give a brief recap of the five major needs addressed and a brief synopsis on ongoing activities.

ACTIVITIES UPDATE OF THE FIVE MAJOR NEEDS:

- 1. Unemployment:** Our agency continues to strengthen partnerships with local Workforce agencies in collaborating to assist individuals with employment and education supports to help individuals obtain the skills and training to become employable and/or to increase job opportunities. The Program Director and Case Managers work with local education providers in the community to stay abreast of new and developing training programs, as well as participate in local outreach events.
- 2. Job Skills/Education:** We continue to use the Client Surveys to address the need for job skills and education with clients who are seeking services from our agency. We also work with clients to help with FSSP enrollment and gather information needed to begin the enrollment process. We continue to work closely with education and training providers to ensure that individuals who are seeking job skill training or education assistance are referred to us for assistance.
- 3. Transportation:** Staff continuously works to inform the community of the transportation services available. Transportation expanded their services in the City of Starke to include areas in the county, as well as enacted a new route in both Dixie and Gilchrist County. Service Are included drop off and pickup at local businesses as well as the Wal-Mart located in Chiefland. Transportation services diligently work with client's seeking support services through our agency to ensure they are able to meet with the case manager located at their county service center.

Program Directors, Case Managers and field staff throughout our agency continue to refer clients and families to our housing programs for weatherization, housing repairs and home ownership. In addition, outreach efforts are ongoing and partnerships are being strengthened with local law enforcement and community advocates to assist families in need of emergency temporary shelter.
